

FLYER • 01 / 01

STAY cyber— SAFE.

Six small habits that quietly defeat *most* attacks aimed at students.

06 HABITS

DO THEM ONCE • THEY PROTECT EVERYTHING ELSE

Use a password manager

One strong master phrase. Bitwarden is free for students.

Turn on two-factor auth

Even if your password leaks, attackers still can't log in.

Pause before you click

Check the sender. Hover the link. When in doubt, don't.

Be wary on public Wi-Fi

Skip banking on café networks. Use a VPN or your hotspot.

Update everything weekly

Ten Sunday-evening minutes. Leave auto-update on.

Lock your devices

Five-minute screen lock. Turn on Find My Device.
